LidarConfig::serialize
_noise_profile

```
graph LR; A[MechanicalLidarConfig::serialize] --> D[LidarConfig::serialize<br/>_noise_profile]; B[FlashLidarConfig::serialize] --> D; C[MirroredLidarConfig::serialize] --> D;
```

The diagram illustrates a dependency or inheritance relationship. Three separate boxes on the left, each containing a function name, have blue arrows pointing to a single box on the right. The boxes on the left are 'MechanicalLidarConfig::serialize', 'FlashLidarConfig::serialize', and 'MirroredLidarConfig::serialize'. The box on the right is 'LidarConfig::serialize' with '_noise_profile' on a second line. The right box has a light gray background, while the others are white.
