

gl_shaders_utils.h

```
graph TD; A[gl_shaders_utils.h] --> B[epoxy/gl.h]; A --> C[string];
```

The diagram illustrates the dependencies of the header file `gl_shaders_utils.h`. It is represented as a box at the top with two arrows pointing downwards to two other boxes: `epoxy/gl.h` on the left and `string` on the right.

epoxy/gl.h

string
