

noise_model.h

```
graph TD; A[noise_model.h] --> B[random]; A --> C[cmath];
```

A diagram illustrating the dependencies of the file noise_model.h. At the top, a gray rectangular box contains the text 'noise_model.h'. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text 'random' and the right box contains the text 'cmath'. This indicates that noise_model.h depends on both the random and cmath libraries.
